

CIRCULAR - 8 /2019

27th August 2019

To,

Grade VIII to XII students,

All of you are aware of Chandrayan-2 and its recent injection into Lunar Orbit.

1. The moon landing in early September will be witnessed by Hon'ble Prime minister at the ISRO control room, ISRO Telemetry, Tracking and Command Network (ISTRAC) in Bengaluru.
2. Two school children from each state and Union Territory will be chosen to be with the PM at this event. These will be selected by a quiz competition (<https://quiz.mygov.in/quiz/online-space-quiz/>)
3. While the quiz is open to all citizens and all participants will be given a certificate, the competition is itself for children from class 8 to 12.

This letter is to seek your enthusiastic communication to all children in your school urging them to participate in the quiz.

With kind regards,

Thank you

Principal
