We have organized various clubs and different activities are being conducted for developing skills and to generate inquisitiveness and encourage the students to bring out their hidden creativity and potentials.

“Teachers are also learners”. Making them staying update is the key to success in the field of education. Our teachers constantly stave to stay updated, by attending various training programs conducted by CBSE. CBSE has also introduced a new initiative hubs of learning by connecting urban and rural schools. We are also a member of one of the hubs and attended various teacher empowerment programs and activities conducted by the hub members.

REMARKABLE ACHIVEMENTS

The academic excellence is the hall mark of a good educational institution. The key highlights of 10th and 12th results are 100% pass. In Grade 10 out of 49 students, three students secured full A1, 6 students secured 90% above marks in all the subjects and 14 students attained distinction marks. In Grade 12, out of 7 students 3 students scored 80% above in all subjects.

I take this opportunity to congratulate them on this special occasion. The credit of this excellent performance is attributed to a number of new initiatives especially night class system undertaken by the teachers with the leadership of our Principal Rev. Fr. Binu K. Baby and school officials.

Our students actively participated in the CKSC kalotsav and sports meet organized by CKSC and bagged various prizes with **A** grade. They also participated in the interschool foot ball competition conducted by hubs of learning and secured runner-up trophy.

The School gives more emphasis on the areas of discipline, regularity and punctuality.
